Science? asks why the armour of Russian warlords of 14-16th centuries was all covered with Arabic inscriptions from Quran they could not possibly read. Or could they? Russian Czars Alexander Nevsky and Ivan the Terrible wore helmets with Arabic inscriptions. Were the thousands of helmets, swords, sabres, shields, armours with Arabic inscriptions kept in Armoury of Kremlin the rich spoils of war with Arabs, Turks, or presents of their ambassadors to Russian Czars? No, they are neither the spoils of war of victorious Russian Horde troops nor the presents from subjugated kingdoms and princes. They all were made in Russia by Russian craftsmen of 14th-17th centuries.

The Issue With Antiquity - Anatoly Fomenko - 2016-11-04
NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of Moscow State University to a breakthrough in the chronology of civilization and Eurasia. Swords and Mantles Tell History from the e-series History: Fiction or Science? reports about scores of cases of numerous allegedly unreadable inscriptions on ancient swords kept in European museums, about signs and symbols on coronation mantle of illiterate Charlemagne, etc., etc. Read and find out why! Charlemagne had a formula of governance written on his mantle in Russian (sic!). What a pity he could not read it, therefore his big empire was divided between his three small grandchildren. Good to know foreign languages!

Astronomy Vs. History - Anatoly Fomenko - 2016-11-05
NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of civilization. Astronomy Vs. History dissects every historical age and analyses the data from every source imaginable ?? Greek and Egyptian chronology take a good beating, and it goes rapidly downhill from there. Almostag that is supposed to have been written in the 2nd century A.D. by Ptolemy dates to 16th century. Tycho Brahe, Ptolemy and Copernicus take the blame for taking part in creation of the legend of a mythical Classical Age that never was and misdating medieval events as very ancient ones. In Astronomy Vs. History we are reminded of the crucial role of eclipses in verifying the dating of major historical events, of stone Zodiacs containing the true dates of such events. Our perception of history begins to change dramatically even before we're through with Astronomy Vs. History.

The Issue With Russian History - Anatoly Fomenko - 2016-11-04
NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of civilization and Russia. The Issue With Russian History' shows you Russia at the crossroads of East and West. Russian history in its present state is a fiction written by German historians hired by Herr P.Romanov, alias Peter I, alias Peter the Great. Germans rewrote Russian history with insult: in their version, the founders of Russian State became Normans from Sweden. Russians allegedly invited them because they were so savage that could not properly rule themselves. To improve culture, Norman-Russian Prince Vladimir invited Greek monks from Byzantine and baptized everybody into Christianity in Dniepr River. To add injury, German historians injected the myth of "Mongol" occupation of Russia. Mongols burned Kiev, the capital, to the ground, etc., etc. Russians humbly endured the Mongol yoke for 200 years, and German myth about it for the next 500.

The Issue With Ivan the Terrible - Anatoly Fomenko - 2016-11-04
NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of world history and Russia. The oversize ominous figure of Ivan the Terrible, with his 7 wives and 4 sons, allegedly ruling from 1530 to 1584, was a collation of 4 different real persons. The official history hides the struggle of dynasties and civil wars of the Great Strife. The first Ivan IV accessed the throne in 1547, when he was barely 16, conquered Kazan in 1552, fell mentally ill and died in 1553. The second Ivan IV (Dimitry, the elder son of the first) inherited the throne, and Russia was ruled by a custodian council of boyars until he died in 1563. The third Ivan IV (second son of the first) inherited the throne, and Russia again was ruled by a custodian council of boyars until his death in 1572. The fourth Ivan IV (Simeon Ivan III) ruled until 1584. The figmental figure of Ivan the Terrible was fed into Russian history by German historians. Guess why?

The Great Wall of China Hoax - Anatoly Fomenko - 2016-11-04
NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of civilization and China. Early history of China up until the XV century A.D. is in fact the history of Europe and the Mediterranean region, Byzantium in particular. European chronicles had been transplanted to China in the 14-15th century A.D. the earliest. Today it is considered that the construction of the Great Wall of China began in the 3rd century B.C., allegedly as a protection against northern nomads. But the construction of such fortifications could not begin before the invention of cannons and siege weapons, that is approximately the 15th century A.D. The authors give a brief description of the real situation with Chinese and Russian history and chronology. The authors don't claim that their reconstruction is complete. The work on the reconstruction of the walled China has only just begun.

The Testament of Peter the Great - Anatoly Fomenko - 2016-11-04
NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of civilization and Russia. Peter the Great had literally ruined Russia, lost at least a quarter of its population, tried to break into Europe, moved the capital of Russia from Moscow to St. Petersburg, made Russia to an awkward upstart and a laughing stock of Europe. After three years in Holland and Germany, he ordered the nobility to cut beards, smoke tobacco and dance, reformed the Orthodox Church into total submission. He did not quite succeed in his brazen reforms and left a testament ordering the successors to conquer Europe. Peter beheaded old imperial guard, created modern army that won and built a fleet that sank. He tested his new army on the king of Sweden Karl XII who also claimed Russian throne, beat Karl and his army, rumored to be the best, into pulp in Poltava. Russia paid very high price for Peter's reforms in blood, sweat and tears.

The Issue With Chinese Astronomy - Anatoly Fomenko - 2016-11-04
NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of Moscow State University to a breakthrough in the chronology of civilization and China. The Issue With Chinese Astronomy is that it just cannot serve anymore as solid foundation of "ancient" Chinese history. It looks like "ancient" China is a misunderstanding at best. There are many preconceptions concerning the history of China. It is presumed to be exceptionally ancient, a lot more so than European history, and its datings are said to be perfectly reliable. The basics of Chinese chronology are believed to be so firm that it serves as a classical example of an indubitably ancient and reliable chronology. The authors give a brief description of the real situation with Chinese history and chronology as opposed to whatever is advertised. The authors are far from claiming that their reconstruction is complete. The work on the reconstruction of Chinese history has only just begun.

Crusades and Exoduses - Anatoly Fomenko - 2016-11-04
NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of the civilization. Crusades and Exoduses disentangles the imbroglio of empires, kingdoms, religious wars, dynasties, battles in Eurasia from the point of view of New Chronology theory. Parallels with events in Europe and Middle East are quite abundant. We are being told that after some 1000 years of sound sleep Europeans suddenly woke up as Christians to the hilt, armed themselves, and started touring-crusading Middle East during 200 years to punish at last tormentors of Jesus, searching for the Saint Sepulcher, Grails, spears, and finished their tour with a bang by sacking Constantinople allegedly in 1204 A.D. Local populations became Muslims, crusaded back and built a Caliphate that span from Arabia to Morocco and North Africa. Was it really so?

NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of Antiquity. "Antiquity" was followed by many centuries of "Dark Ages" of stagnation and decline. Then, during the Renaissance, the Classical Age reappears as a learned crowd of humanists and clergy that invented "ancient" Greek and Latin languages, wrote "antique" masterpieces under "antique"-sounding aliases. The talented artists, painters and sculptors of 15-18th century mass-produced required paraphernalia. Renaissance was on! The demand for "antique"-labeled articles that fetched solid prices was high. "Antiquity" was sold to the public lock, stock and barrel. The mythical Classical Age came into being from misdating medieval events by hundreds and thousands of years. "Antiquity" meme is planted into defenseless young brains. Kids love tales and don't ask teachers awkward questions.

US research of Earth-Moon mechanics by NASA astrophysicist Robert Newton leads mathematicians of MSU from MSU to a breakthrough in the chronology of civilization and Russia. The Issue With Baptism of Russia reports to the readers that there were four baptisms of Russia according to canonical Russian Orthodox Church literature and not just one of 989 A.D. ordered by Prince Vladimir as it is told by schoolbooks for the last 400 years! The Issue With Baptism of Russia consists of chapters that complement and develop the reconstruction of the Russian history from the point of view of the New Chronology as related in the previous books of the History: Fiction or Science? series. The sequence of individual topics is usually of little importance, and the sections can be read in a random order. Every individual issue mentioned below is of interest per se, and can serve as basis for further research.

The Issue With Tamerlane - Anatoly Fomenko - 2016-11-04
NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of world history and Central Asia. The Issue With Tamerlane reports to the sceptic reader that oversized Tamerlane character reflects actually deeds and traits of two distinct persons. Moreover, not a drop of alleged Genghis blood in neither of them. Tamerlane the Ultimate Warrior was fallacious German collation of Timur Aksak the Iron Cripple of the end of 14th century and Mehmet (Mohammed) II who took Constantinople in 1453 A.D. Timur have allegedly crushed into smithereens Central Asia and Mehmet Byzantine. Too bad, Dr. Fomenko et al. found that the "Tamerlane" myth was injected into Russian history by German historians imported to Russia by Czar Peter I. This book contains enough solid evidence to silence any historian by the sheer power of facts and argumentation. Both Tamerlane ale and cocktail have red hues.

The Horde from Pacific to Atlantic - Anatoly Fomenko - 2016-11-04
NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of Eurasian and world history. The word "horde" meant "armed people" in old Russian (cf. "order" in English, "ordre" in French, "Orden" in German). The protostate of "Horde from Pacific to Atlantic," or Great Tartary, was a true imbroglio of colonizations, wars, religions covering most of Eurasia in 12-16th centuries. The cathedrals, monuments, fortresses, relics, armours, swords, bibles, saints, warlords, artifacts, chronicles, maps and coins of the "Horde" abound but stay mostly misinterpreted. The European part of the Great Horde fell apart into English, French, German kingdoms in 14-16th centuries.

Dr Fomenko et al. found that: a) there was no such thing as the Tartar and Mongol invasion followed by three centuries of Tartar yoke: b) the so-called "Tartars and Mongols" were the actual ancestors of modern Russians, living in a bilingual state with Arabic spoken as freely as Russian; c) the ancient Russian state was governed by a double structure of civil and military authorities; d) the Horde in old Russian ("Ordre" in French, "Order" in English, "Orden" in German) meant "military state"; e) "invasions" were punitive operations against the regions that attempted tax evasion. This enormous state has disappeared without a trace from all subsequent editions of Britannica. USSR follows suite.

NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of civilization and geography of North America. USA Has Issues With (British) Maps of 18th Century analyses in detail the maps of 1771 edition of Encyclopaedia Britannica and concludes that north-western part of the USA and Canada was built on remains of Great Russian Muscovite Tartary, which according to Britannica of 1771 was the biggest state in the world with capital in Tobolsk. The war of new Russian Empire of 1773-1775 with Muscovite Tartary was covered up by Catherine II as a raid against peasant rebellion headed by "Pougatchev" ("scare" in Russian) was actually the final blow to Great Tartary. After the war of 1773-1775 the new Russian Empire has taken over Urals, Western and Eastern Siberia, Alaska, north-western America down to San Francisco which it lost. USA bought NWA, but not paid the bill.

NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of Apocalypse. The astronomical aspect of the Apocalypse stayed hidden for centuries. The Apocalypse as Seen by Astronomy has resurrected the astrological, i.e. astronomical ideas contained in the Apocalypse and extracted from it the precise date of its composition on the Isle of Patmos! St. Augustin was quite right saying, "Beware of mathematicians, especially when they speak the truth!" The only moment on the time axis when the constellations of the night sky visible from the Isle of Patmos correspond to the verbal Zodiac contained in the Revelation date to October 1486 A.D. and not to 56 A.D.! The Apocalypse text was provided to Erasmus by Johannes Reuchlin, his predecessor, founder of hebraism and master astrologist.

NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of civilization. The Issue with Chronology crowns 30 years of meticulous research actually started as a byproduct of Russian-American competition in Moon exploration when famous NASA scientist Robert Newton discovered a very strange phenomenon in lunar mechanics. This book is also the first volume in History: Fiction or Science? series, the fundamental oeuvre that exposes the numerous inveracities of the traditional version of history. The series contains data and conclusions that aren't anything short of revolutionary. The alternatives offered to classical history are stunning to the extent of being labelled heretical by virtually every scholar of history, and daring enough to be considered preposterous at first sight, although this impression never lasts longer than it takes one to read a few pages attentively.

Arise - Patricia King - 2018-08-21

ARISE and PROPHESY! Are Christians personally walking in the supernatural power and releasing the societal Kingdom transformation that Jesus made available? From everything we see around us, we know there must be more! The last days outpouring prophesied in Joel 2 began its fulfillment on the Day of Pentecost. And yet, it seems that in the centuries since this day, we have not seen the fullness of what God wants to do in the planet through His people. Why? WHEN WOMEN ARISE, LEAD AND PROPHESEY THE ROAR OF THE CHURCH WILL EMERGE WITH FORCE AND POWER! Women on the Frontlines pioneer, Patricia King and prophetic teacher, Larry Sparks, extend a timeless invitation from Heaven to the daughters of God. In ARISE, you will learn how to: Understand and operate in the Kingdom authority that God restored through Jesus. Rediscover your dreams, visions, gifts, and career ambitions: God wants to infuse them with Holy Spirit power and strategy. Occupy the high places and become an influencer that establishes atmospheres and shapes cultures. Receive mantles and swords from the heavenly realm to fulfill your divine assignments. Experience deliverance and freedom from the enemy’s attempts to restrain your purpose from being fulfilled. Release your prophetic voice and take your place in an advancing supernatural revolution. Take your place on the frontlines of battle. Let your voice and life resound as a prophetic roar that brings Heaven to Earth as you fulfill your divine destiny and leave your mark on history!
